Project: Childproof a Living Space

Comments: Rob was caring & personable. I am preparing my home for sale Have 2 windowwells that needed covering to prevent access. A potential safety hazard for small children. Rob found the perfect product for the project. He cleaned the bottom of the well & added pea gravel. He painted the aluminum. The improvement is very remarkable

Project: Build or Replace Wheelchair Ramps

Comments: What a great company. They really worked with me and gave me a lot of options. They were also quick! They came out, gave me an estimate, ordered materials, and put the ramp in... in the time it took another company to even give me an estimate. Great work!

Review by Vicki W. in Saint Clair Shores, MI

Project: Build or Replace Wheelchair Ramps

Comments: My ramp is fabulous! I have an 11 year old German Shepherd. The arthritis in his hips makes stairs very difficult for him so he was going out less and less and therefore, getting less and less exercise. Ron, the owner, came out on a Monday to go over the job and collect info and I had an estimate by the next day. Within 2 days of saying I wanted to proceed, he and a helper worker were here to do the work. Eight (8) hours later, the job was done and that included lunch. I am soooooo very happy with the workmanship, the quality of the wood and work, and the way I was treated. The ramp is very sturdy and Ron worked with me to get what I wanted.
